FIRST QUARTER 2025 FINANCIAL RESULTS**

Board of Directors Declared Total Dividends of \$0.54 per Share for Second Quarter 2025

Base Dividend of \$0.43 and Supplemental Dividend of \$0.11 Per Share

EVANSTON, Ill., May 8, 2025 – Fidus Investment Corporation (NASDAQ:FDUS) (“Fidus” or the “Company”), a provider of customized debt and equity financing solutions, primarily to lower middle-market companies based in the United States, today announced its financial results for the first quarter ended March 31, 2025.

First Quarter 2025 Financial Highlights

- Net investment income of \$18.2 million, or \$0.53 per share
- Adjusted net investment income of \$18.5 million, or \$0.54 per share⁽¹⁾
- Invested \$115.6 million in debt and equity securities, including seven new portfolio companies
- Received proceeds from repayments and realizations of \$57.3 million
- Paid total dividends of \$0.54 per share: regular quarterly dividend of \$0.43 and a supplemental dividend of \$0.11 per share on March 27, 2025

Management Commentary

“We continued to build our portfolio of debt and equity investments in a methodical and disciplined manner during the first quarter by investing in high quality businesses with defensive characteristics and resilient business models that generate high levels of cash flow to service debt and support growth. We also monetized two equity investments for a net realized gain of \$11.5 million, or \$0.33 per share, which contributed to the increase in NAV,” said Edward Ross, Chairman and CEO of Fidus Investment Corporation. “Our portfolio remains well diversified and healthy overall, and constructed to generate attractive risk-adjusted returns over time for the benefit of our shareholders.”

(1) Supplemental information regarding adjusted net investment income:

On a supplemental basis, we provide information relating to adjusted net investment income, which is a non-GAAP measure. This measure is provided in addition to, but not as a substitute for, net investment income. Adjusted net investment income represents net investment income excluding any capital gains incentive fee expense or (reversal) attributable to realized and unrealized gains and losses. The management agreement with our investment adviser provides that a capital gains incentive fee is determined and paid annually with respect to cumulative realized capital gains (but not unrealized capital gains) to the extent such realized capital gains exceed realized and unrealized losses. In addition, we accrue, but do not pay, a capital gains incentive fee in connection with any unrealized capital appreciation, as appropriate. As such, we believe that adjusted net investment income is a useful indicator of operations exclusive of any capital gains incentive fee expense or (reversal) attributable to realized and unrealized gains and losses. The presentation of this additional information is not meant to be considered in isolation or as a substitute for financial results prepared in accordance with GAAP. Reconciliations of net investment income to adjusted net investment income are set forth in Schedule 1.

First Quarter 2025 Financial Results

The following table provides a summary of our operating results for the three months ended March 31, 2025, as compared to the same period in 2024 (dollars in thousands, except per share data):

	Three Months Ended March 31,		\$ Change	% Change
	2025	2024		
Interest income	\$ 30,319	\$ 28,138	\$ 2,181	7.8%
Payment-in-kind interest income	2,248	2,049	199	9.7%
Dividend income	1,231	397	834	210.1%
Fee income	2,127	2,359	(232)	(9.8%)
Interest on idle funds	571	1,708	(1,137)	(66.6%)
Total investment income	\$ 36,496	\$ 34,651	\$ 1,845	5.3%
Net investment income	\$ 18,222	\$ 17,627	\$ 595	3.4%
Net investment income per share	\$ 0.53	\$ 0.57	\$ (0.04)	(7.0%)
Adjusted net investment income ⁽¹⁾	\$ 18,509	\$ 18,126	\$ 383	2.1%
Adjusted net investment income per share ⁽¹⁾	\$ 0.54	\$ 0.59	\$ (0.05)	(8.5%)
Net increase (decrease) in net assets resulting from operations	\$ 19,658	\$ 20,123	\$ (465)	(2.3%)
Net increase (decrease) in net assets resulting from operations per share	\$ 0.58	\$ 0.65	\$ (0.07)	(10.8%)

The \$1.8 million increase in total investment income for the three months ended March 31, 2025, as compared to the same period in 2024, was primarily attributable to (i) a \$2.4 million increase in total interest income (which includes payment-in-kind interest income) resulting from an increase in average debt investment balances outstanding, partially offset by a decrease in weighted average yield on debt investment balances outstanding, (ii) a \$0.8 million increase in dividend income due to an increase in distributions received from equity investments, partially offset by (iii) a \$0.2 million decrease in fee income resulting from a decrease in amendment and management services fees and (iv) a \$1.2 million decrease in interest on idle funds resulting from a decrease in average cash balances.

For the three months ended March 31, 2025, total expenses, including the base management fee waiver and income tax provision, were \$18.3 million, an increase of \$1.3 million, or 7.3% from the \$17.0 million of total expenses, including the base management fee waiver and income tax provision, for the three months ended March 31, 2024. The increase was primarily attributable to (i) a \$0.8 million increase in interest and financing expenses due to an increase in average borrowings outstanding and weighted average interest rates of our debt outstanding, (ii) a \$0.6 million net increase in base management fee, including the base management fee waiver, due to higher average total assets, (iii) a \$0.1 million increase in the income incentive fee, partially offset by (iv) a \$0.2 million decrease in the accrued capital gains incentive fee.

Net investment income increased by \$0.6 million, or 3.4%, to \$18.2 million during the three months ended March 31, 2025 as compared to the same period in 2024, as a result of the \$1.8 million increase in total investment income and the \$1.3 million increase in total expenses, including base management fee waiver and income tax provision. Adjusted net investment income, ⁽¹⁾ which excludes the capital gains incentive fee accrual, was \$0.54 per share compared to \$0.59 per share in the prior year.

For the three months ended March 31, 2025, the total net realized gain/(loss) on investments, net of income tax (provision)/benefit on realized gains, was \$11.5 million, as compared to total net realized gain/(loss) on investments, net of income tax (provision)/benefit on realized gains, of \$1.8 million for the same period in 2024.

Portfolio and Investment Activities

As of March 31, 2025, the fair value of our investment portfolio totaled \$1.2 billion and consisted of 92 active portfolio companies and four portfolio companies that have sold their underlying operations. Our total portfolio investments at fair value were approximately 100.5% of the related cost basis as of March 31, 2025. As of March 31, 2025, the debt investments of 52 portfolio companies bore interest at a variable rate, which represented \$740.3 million, or 72.8%, of our debt investment portfolio on a fair value basis, and the remainder of our debt investment portfolio was comprised of fixed rate investments. As of March 31, 2025, our average active portfolio company investment at amortized cost was \$12.5 million, which excludes investments in four portfolio companies that have sold their underlying operations. The weighted average yield on debt investments was 13.2% as of March 31, 2025. The weighted average yield was computed using the effective interest rates for debt investments at cost as of March 31, 2025, including the accretion of original issue discounts and loan origination fees, but excluding investments on non-accrual status and investments recorded as a secured borrowing.

First quarter 2025 investment activity included the following new portfolio company investments:

- AMOpportunities, Inc., a healthcare training platform providing tech-enabled clinical rotation development and management services for schools, providers, and health systems. Fidus invested \$10.0 million in first lien debt and \$0.7 million in preferred equity.
- Customer Expressions Corp. (dba Case IQ), a provider of SaaS-based Governance, Risk and Compliance (GRC) solutions to mid-size and large enterprises. Fidus invested \$15.0 million in first lien debt and \$0.8 million in common equity.

Fidus invested \$14.0 million in first lien debt, \$0.1 million in preferred equity, \$0.5 million in common equity, and made additional commitments up to \$2.0 million in a revolving loan.
- Info Tech Operating, LLC (dba infotech), a software solutions provider for the infrastructure construction industry. Fidus invested \$13.5 million in first lien debt.

Liquidity and Capital Resources

As of March 31, 2025, we had \$67.5 million in cash and cash equivalents and \$140.0 million of unused capacity under our senior secured revolving credit facility (the "Credit Facility"). For the three months ended March 31, 2025, we received net proceeds of \$20.7 million from the equity at-the-market program (the "ATM Program") and received net proceeds from the issuance of the March 2030 Notes (as defined below) of \$96.9 million. As of March 31, 2025, we had SBA debentures outstanding of \$182.0 million, \$125.0 million outstanding of our 4.75% notes due January 2026 (the "January 2026 Notes"), \$125.0 million outstanding of our 3.50% notes due November 2026 (the "November 2026 Notes"), and \$100.0 million outstanding of our 6.75% March 2030 Notes (the "March 2030 Notes" and together with the January 2026 Notes and the November 2026 Notes, the "Notes"). As of March 31, 2025, the weighted average interest rate on total debt outstanding was 4.8%.

Second Quarter 2025 Dividends Totaling \$0.54 Per Share Declared

On May 5, 2025, our board of directors declared a base dividend of \$0.43 per share and a supplemental dividend of \$0.11 per share for the second quarter. The dividends will be payable on June 25, 2025, to stockholders of record as of June 13, 2025.

When declaring dividends, our board of directors reviews estimates of taxable income available for distribution, which differs from consolidated income under GAAP due to (i) changes in unrealized appreciation and depreciation, (ii) temporary and permanent differences in income and expense recognition, and (iii) the amount of undistributed taxable income carried over from a given year for distribution in the following year. The final determination of 2025 taxable income, as well as the tax attributes for 2025 dividends, will be made after the close of the 2025 tax year. The final tax attributes for 2025 dividends will generally include ordinary taxable income but may also include capital gains, qualified dividends and return of capital.

Fidus has adopted a dividend reinvestment plan (“DRIP”) that provides for reinvestment of dividends on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, when we declare a cash dividend, stockholders who have not “opted out” of the DRIP at least two days prior to the dividend payment date will have their cash dividends automatically reinvested in additional shares of our common stock. Those stockholders whose shares are held by a broker or other financial intermediary may receive dividends in cash by notifying their broker or other financial intermediary of their election.

Subsequent Events

On April 15, 2025, we invested \$5.0 million in first lien debt, \$0.4 million in preferred equity, \$0.4 million in common equity, and committed up to \$4.0 million in a revolving loan to Laboratory Testing, LLC, a provider of material testing and calibration services, primarily to the Aerospace & Defense end market.

On April 23, 2025, we exited our debt investments in Elements Brands, LLC. We received payment in full of \$3.7 million on our first lien debt, which includes fees.

On May 5, 2025, we issued an additional \$10.0 million in SBA debentures, which will bear interest at a fixed interim interest rate of 5.163% until the pooling date in September 2025.

Supplemental Information Regarding Adjusted Net Investment Income

On a supplemental basis, we provide information relating to adjusted net investment income, which is a non-GAAP measure. This measure is provided in addition to, but not as a substitute for, net investment income. Adjusted net investment income represents net investment income excluding any capital gains incentive fee expense or (reversal) attributable to realized and unrealized gains and losses. The management agreement with our investment advisor provides that a capital gains incentive fee is determined and paid annually with respect to cumulative realized capital gains (but not unrealized capital gains) to the extent such realized capital gains exceed realized and unrealized losses for such year, less the aggregate amount of any capital gains incentive fees paid in all prior years. In addition, we accrue, but do not pay, a capital gains incentive fee in connection with any unrealized capital appreciation, as appropriate. As such, we believe that adjusted net investment income is a useful indicator of operations exclusive of any capital gains incentive fee expense or (reversal) attributable to realized and unrealized gains and losses. The presentation of this additional information is not meant to be considered in isolation or as a substitute for financial results prepared in accordance with GAAP. The following table provides a reconciliation of net investment income to adjusted net investment income for the three months ended March 31, 2025 and 2024.

	(\$ in thousands)	
	Three Months Ended March 31, (unaudited)	
	2025	2024

Capital gains incentive fee expense (reversal)	0.01	0.02
Adjusted net investment income ⁽¹⁾	\$ 0.54	\$ 0.59

(1) Adjusted net investment income per share amounts are calculated as adjusted net investment income divided by weighted average shares outstanding for the period. Due to rounding, the sum of net investment income per share and capital gains incentive fee expense (reversal) amounts may not equal the adjusted net investment income per share amount presented here.
